

Stimulate™ Yield Enhancer contains the signaling molecules that enable optimal plant functioning. It's a high-quality formulation that determines the length of time the active ingredients remain effective to maintain vigorous plant growth. Stimulate Yield Enhancer has the optimal concentrations of gibberellin (GA), auxin (IBA) and cytokinin in a patented 2:1:1 ratio ideal for triggering plant growth and accompanying yield characteristics with no risk of injury to plants.

### What It Does

- EPA-Registered Yield Enhancer
- Precise combination of three plant hormones at the optimum ratio for maximum effectiveness
- Provides quick recovery from transient stress
- Increases yield & quality

#### What That Means

- Enhances cell division, differentiation & enlargement
- Boosts root growth & vigor
- Improves nutrient utilization
- Add to foliar application of liquid fertilizer and/or most herbicides, fungicides and insecticides

# **Application**

- Seed Treatment: 2 oz/cwt of seed
- In-Furrow at planting at 4-8 oz/A (can be used with starter solutions)
- Foliar on corn: 4-8 oz/A at V/R transition
  Foliar on soybeans: 8 oz/A at V/R transition
- Fungicide Sprays: apply at 4-8 oz/A with the recommended fungicide rate and timing

Always read and follow label directions. Conduct a "Jar Test" using all products in proper proportion in order to establish physical compatibility.

## **Guaranteed Analysis**

Stoller products are designed to help plants function more efficiently and achieve their full genetic potential. Stoller products are not replacements for sound agronomy and fertility programs. They work in concert with good farming practices for maximum yield and quality.

#### **ACTIVE INGREDIENTS:**

Cytokinin (as kinetin)	0.009%
Gibberellic acid	0.005%
Indole-3-butyric acid	0.005%
OTHER INGREDIENTS	99.981%
TOTAL	100.000%

This product contains: 0.002698 gram cytokinin, 0.001499 gram gibberellic acid, 0.001499 gram indole-3-butyric acid per fluid ounce.

# CONTAINS NON-PLANT FOOD INGREDIENTS:

0.009% Cytokinin

0.005% Gibberellic Acid

0.005% Indole-3-butyric Acid

EPA Reg. No. 57538-13
